Revised 09/04
The student should also check on the acceptability of P/NC hours that may be applied to a major or degree program. Furthermore, courses offered only with the P/NC requirements in a major or degree program and financial aid only with the P/NC grade will be accepted for meeting student's grade point average. A "P" course, however, will not be counted toward a limit on the number P/NC hours in courses in which the grade of "NC" is received.

Before using this option, the student should be aware that some majors and degree programs may limit the applicability of courses graded on a P/NC basis. Courses that are offered only with the P/NC grade will be accepted for meeting requirements in a major or degree program and financial aid eligibility. Furthermore, courses offered only with the P/NC grade will not be counted toward a limit on the number P/NC hours that may be applied to a major or degree program. The student should also check on the acceptance of P/NC grades by any honor societies or graduate schools in which the student may be interested. The P/NC option is not allowed in any English as a Foreign Language (ENFL) course. Any questions or exceptions concerning the P/NC option should be directed to the dean of the college of the student's major.

Grading. The faculty definition of grades, and the point system designed to indicate quality of work, is as follows:

- **A** - Designates exceptional work, 4 points per semester hour.
- **B** - Designates superior work, 3 points per semester hour.
- **C** - Designates satisfactory work, 2 points per semester hour.
- **D** - Designates poor work, 1 point per semester hour.
- **F** - Designates failure, 0 points per semester hour.

- **P** - Passed the course.
- **NC** - No credit awarded for the course.

Non-grade Designators:

- **I** - Designates course has not been completed and a final grade has not been assigned. (The "I" must be removed within first 60 days of the semester immediately following or it is changed to an "F." Any extension must have written approval of the instructor and dean. This policy does not apply to senior honors research papers, graduate thesis or dissertation hours. The student must secure the permit from the Registrar's Office and take it to the instructor before offering work of any kind toward making up the "I" grade.)
- **Q** - Removed from the course by an academic dean.
- **W** - Officially withdrew from the course.
- **AU** - Officially audited the course.

Pass/No Credit. Undergraduate students may elect a pass/no credit grading option. They may do so by indicating their choice in writing to the office of the Registrar not later than the date listed in the academic calendar for electing the pass/no credit grading option. Courses taken on a pass/no credit basis are graded "P" (pass) and "NC" (no credit). These P/NC courses are not counted in computing the student's grade point average. A "P" course, however, will carry credit hours and be used toward a student's total hours required for graduation. A "P" indicates achievement equivalent to "A," "B" or "C." Achievement equivalent to a "D" or "F" results in the grade of "NC." Students earn no credit hours in courses in which the grade of "NC" is received.

Before using this option, the student should be aware that some majors and degree programs may limit the applicability of courses graded on a P/NC basis. Courses that are offered only with the P/NC grade will be accepted for meeting requirements in a major or degree program and financial aid eligibility.
