

Faculty Senate Committee on Committees 2003–2004

Members: Dick Rinewalt (Chair), Peggy Watson (EC Liaison), Arnie Barkman, Art Busbey, John Lovett, Magnus Rittby, Gene Smith, William Vanderhoof

- Vacancies on university committees were filled as needed during the year.
- Recommendations for membership on the HMVV Committee and the Hearing Committee were made.
- End-of-year reports are being requested from each committee.
- The on-line process for committee preference was repeated.
- The committee met with Jay Zeidman to discuss improving the appointment process for student members of university committees. They will use an on-line preference survey similar to ours. Also, students will be informed of the time commitment for each committee.
- Response from the faculty for committee service was good again this year. (Increase in volunteers for each committee is probably due to the change to an opt-out format for the survey.) Initial recommendations are complete. Replacements for leaves of absence are currently being made. As soon as that is completed, the recommendations will be sent to the Vice Chancellor for Academic Affairs, the Chancellor, and the Faculty Senate Chair.

Preference Survey Trivia
329 faculty were notified (323 last year)
189 (57%) responded (188 last year)
